### TravelManagers Takes Out Prestigious HEINZ Award

TravelManagers' Di Yates was recently named as the recipient of the Heinz Company Award at a function held in Melbourne.

According to Heinz, which was established in 1869, each year a theme is promoted around its award programme. This year it was "Simpler – Faster – Stronger" reflecting their desire to work collaboratively with suppliers to meet whatever challenges they're facing, while becoming more efficient.

Travel manager Di Yates remarked how delighted she was to receive the award given it was across all suppliers and that entry was by invitation only, based in annual spend and criticality to the business.

"The award means a great deal to me. It is proof that they not only value what I do for them as their travel manager but that what I do assists Heinz in their quest to be more competitive."

Ms Yates is the sole agent for Heinz in Australia, handling all of their travel requirements.

"As a result of looking after all of their travel requirements, I know exactly what is happening, how to keep costs down for them and how to make their business trips as smooth as possible to ensure efficiencies from their employees while travelling."

Ms Yates says the award has reinforced to her what a satisfying career being a travel manager is.

"I haven't looked back since I joined TravelManagers. It is a great company who really care about their employees but also about supporting us so we can focus on doing the best we can for our customers. And after an award such as this, it makes it all so worthwhile."
